FSO “SYMPHONY IN THE SCHOOLS”
EDUCATION INITIATIVE SPONSORSHIP OPPORTUNITIES- 2022-23

Music education is at the heart of the FSO’s mission.

2021-22

In our first year, we made a significant impact on music education by:

- Sending FSO musicians to perform for and work with area schools
- Hosting Abigail Rockwell’s presentation at James Monroe HS and Walker-Grant MS
- Sponsoring blocks of free tickets for regional students, faculty, and staff

2022-23 Goals

This year, our goal is to expand our impact on music education. We are seeking sponsors for the following:

Student Ticket Sponsors:

Expand our ticket giveaways for students, parents, and teachers in private and public schools in Fredericksburg, Spotsylvania, Stafford, and Prince William (50 tickets x 4 concerts) **\$1,500**

Our ticket giveaways were so popular last year that we had a wait list....and that was just from city students! This year, we are expanding our offers to include students from around the Fredericksburg region.

Artist-in-Residence Sponsor:

The FSO’s new Artist-in-Residence program brings prominent guests into schools. This year, we’re opening it up to students in Fredericksburg city, Spotsylvania County, Stafford County, and Prince William County. . . .**\$2,000**

An unforgettable opportunity for our students to perform the music of nationally-renowned composer Brian Balmages, with the composer conducting! Mr. Balmages will work with the kids in rehearsal, sharing his insights into the compositions, and then lead them in a special performance.

FSO Instrument Petting Zoo Sponsor:

May 19 (families)**\$2,000**

The Symphony Petting Zoo, to be held prior to the May concert, will feature principal musicians in the orchestra demonstrating their instruments to children. A wonderful introduction to the symphony! Then stay for the “Symphony at the Cinema” Concert to follow! (Instrument Petting Zoo is free, tickets are required for the concert.)

FSO School Outreach Sponsor:

Series of performances and in-class instruction for kids.**\$4,000**

Often, students cannot make it to symphony concerts. Last year, we brought our best musicians into the schools to perform for students right before Christmas. It was a real hit! We asked our FSO musicians to interact with the kids and to explain their technique and their approach to them. With your help, we can do this again.
